

Spreadsheet Exercises

SHS 1 · Module 4 — Spreadsheets · Ridgeview Senior High School · ICT Department

Exercise 1 — Class scores

Enter the table below into a new worksheet.

	A	B	C	D
1	Name	Test 1	Test 2	Average
2	Ama	72	80	
3	Kofi	65	70	
4	Esi	88	91	
5	Yaw	54	62	
6	Akosua	90	85	

1. In D2 enter a formula to find Ama's average and copy it down to D6.
2. In B7 find the highest Test 1 score using **=MAX()**.
3. Sort the table by Average from highest to lowest.
4. Create a column chart of the averages.

Exercise 2 — Absolute references

Put a bonus of 5 marks in cell F1 and add it to every Test 2 score using **=C2+\$F\$1**. Explain why the \$ signs are needed.
